

Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday
<p><b>Lent is a time for intentional conversion.</b> That means leaving behind an old way of living and acting in order to embrace new life in Christ.</p> <p>Ecological conversion is a change in how we see our relationship with nature and with one another.</p> <p><i>“Blessed are those who protect and care for our common home. Blessed are those who renounce their own comfort in order to help others.”</i> Pope Francis, 1 November 2016</p>			<p>March 1</p> <p><b>ASH WEDNESDAY</b></p> <p><b>STUFF. We can't take it with us.</b> Try not to buy anything new for yourself during Lent except essentials like food. <b>Watch <a href="#">A Story of Solutions</a></b> on YouTube: 9.06 min</p>	<p>March 2</p> <p><b>Use only cold water to do your laundry in Lent and think about a permanent change.</b></p> <p>Use bio-degradable detergent (low phosphate) to keep our waterways free of algal bloom.</p>	<p>March 3</p> <p><b>Women's World Day of Prayer</b></p> <p><b>What is the carbon footprint of your household's food?</b> Buy less packaged food. Eat less processed food. Eat vegetarian once a week. Make meals from scratch.</p>	<p>March 4</p> <p><b>Take reusable bags when you do your grocery shopping.</b> Plastic bags last from 20 - 1,000 years; are a major threat to wildlife in waterways &amp; the ocean. <b>Say no to plastic bags.</b></p>
<p>March 5</p> <p><b>Pray for those most affected by climate change.</b> The world's poor, who have contributed the least to climate change, will be the most affected.</p> <p><b>Learn more here</b> <a href="http://catholicclimatemovement.global/">http://catholicclimatemovement.global/</a></p>	<p>March 6</p> <p><b>Join Meat Free Monday.</b> For centuries Christians have been eating less meat during Lent. Choosing meat-free meals is a significant way to reduce your carbon footprint. <a href="http://www.meatfree Mondays.com/">http://www.meatfree Mondays.com/</a></p>	<p>March 7</p> <p><b>Share the carbon fast challenge with your friends and family by email.</b></p> <p><b>What's new? <a href="#">Blue carbon!</a></b> Save coastal habitats from development to reduce our carbon footprint.</p>	<p>March 8</p> <p><b>International Women's Day</b></p> <p><b>Switch appliances off at the power-point.</b> Even turned off, appliances can still draw power from an active power point.</p>	<p>March 9</p> <p><b>Sort through your bathroom cabinet.</b> Remove products like body &amp; face scrubs and toothpaste that contain micro-beads. <b>Microbeads do not break down; harm the ocean, you and children.</b> <a href="http://www.beatthemicrobead.org">www.beatthemicrobead.org</a></p>	<p>March 10</p> <p><b>Make the change to sustainable tea.</b> Support more environmentally friendly farming practices. <b>For Fair trade tea suppliers in Australia go to:</b> <a href="http://fairtrade.com.au/~media/fairtrade%20australia/files/business%20and%20workplaces%20resources/fairtrade%20tea%20list-">http://fairtrade.com.au/~media/fairtrade%20australia/files/business%20and%20workplaces%20resources/fairtrade%20tea%20list-</a></p>	<p>March 11</p> <p><b>Visit your local farmers markets to buy your fruit and vegetables.</b> Purchasing locally grown food saves the resources and fuel spent on long distance transport plus it's fresh and tastes great!</p> <p><b>Eat in season.</b></p>
